266

# RANGER JACKET

### DESCRIPTION

The Ranger is built from stone washed cotton twill, with serious workwear attitude. Unlined and made for layering, it's ideal for early starts and late finishes. Tough enough for graft, sharp enough for off-site. With a worn-in feel, relaxed fit, and a label that lets them know it's TuffStuff, it's built to last, and still standing when the dust settles.

### FEATURES

100% Cotton

330gsm Cotton twill

Stone washed
